SUBGROUP 4452 - SPACE CONTROL

4452.1 General. Non-hazardous stores are accumulated by DDNV in the warehouse on Pier 3 for both local afloat and shore activities. Hazardous stores are accumulated at Buildings X-218 and X-380. Activities may call to determine the volume of stores awaiting them. Access to Pier 3 and Buildings X-218 and X-380 is strictly controlled. Personnel requiring access to either of these areas must have a written request from the Supply Officer on command letterhead. The time and place of delivery, if not previously established, should be arranged with the Transportation Branch, Transportation and Shipping Division, located at the east-end of Pier 3. Ships will be required to acknowledge receipt of material delivered to them by signing one delivery receipt for alongside a pier to take on stores, arrange for berthing assignment as described in this manual.
